

WHO OWNS POVERTY?

WHAT IF WE'VE BEEN ASKING ALL THE WRONG QUESTIONS ABOUT POVERTY?

This course explores what would happen if we put poverty back into the hands of the real experts: families living in poverty.

DO YOU WANT TO...

... learn about poverty measurement that is actually relevant to those living in poverty?

... explore how those living in poverty can co-create solutions?

... find out about the Poverty Stoplight, a multidimensional poverty measurement and poverty-elimination coaching tool currently implemented in 24 countries, including the USA and UK?

... do some hands-on, participatory research on poverty in your community?

... engage with a world-known social entrepreneur with almost 40 years of experience in community development?

... become an ally in the pursuit to eliminate poverty once and for all?

THEN THIS COURSE IS FOR YOU!
